TOUR OF THE RELICS OF SAINT JUDE THADDEUS THE APOSTLE
(part of his arm in a wooden reliquary). From September 2023 to May 2024, the arm of Saint Jude Thaddeus, venerated in Rome from ancient times, is on pilgrimage in the United States, making stops in 100 cities.

One of the Church's most beloved saints, Saint Jude Thaddeus is the one to whom people turn when they are desperate and have tried everything else. When things seem lost or unbearable—when they seem hopeless—Saint Jude is the one to whom people often turn.

All are welcome to come and experience his transformative presence. As it is said: Come and see what he has for you.

Now about the Relics. The most reliable ancient records identify the place of Saint Jude's martyrdom and burial to be the city of Beirut. Sometime later, his body was transferred to Rome and placed in a crypt within the original Saint Peter's Basilica, completed by the Emperor Constantine (in 333 AD). Today, his remains are in the left transept of the current Basilica (completed in 1626), below the main altar of Saint Joseph, within a tomb also holding the remains of the Apostle Simon. This resting place has become a popular destination for pilgrims who have a devotion to

the Apostle of the Impossible.

This Week's Message:

“Believing is possible only by grace and the interior helps of the Holy Spirit. But it is no less true that believing is an authentically human act. Trusting in God and cleaving to the truths he has revealed is contrary neither to human freedom nor to human reason. Even in human relations it is not contrary to our dignity to believe what other persons tell us about themselves and their intentions, or to trust their promises (for example, when a man and a woman marry) to share a communion of life with one another. If this is so, still less is it contrary to our dignity to ‘yield by faith the full submission of ... intellect and will to God who reveals,’ and to share in an interior communion with him.”

(Catechism of the Catholic Church, 154)
